### BOSTON LOSES ONCE MORE.

BALTIMORE NEEDS ONLY ANOTHER VIC-TORY TO KEEP THE CUP.

TESTERDAY'S GAME MARKED BY HARD HITTING ON BOTH SIDES-THE CROWD SMALL

Baltimore, Oct. 9.-1f the new champions do not take the next three games from Baltimore, the Temple Cup will remain here for another year and the local team will get the big end of the gate money. For the fifth time in succession Baltimore defeated the pennant-holders to-day, and, as three of the games count in the contest for the cup. it looks blue for the Boston contingent.

There was a small crowd and little enthusiasm to-day, and the game itself was dull and uninteresting until the ninth inning, when it looked for a time as if the visitors might win. Heavy batting time as it and ragged fielding, quite equally distributed be-tween the teams, characterized the contest, and both sides were compelled to change pitchers because of the bombardment they received. Stivetts started to do the twirling for the visitors, but he to Lewis after eleven runs had been nade off him in two innings. Nops, who opened the contest for the home team, lasted longer, but he, too, had to quit, and in the seventh inning Carbett took the centre of the diamond.

The Orioles started the run-getting just as soon as they came to bat, having retired the visitors in , two, three order. They piled up six runs after two men were out and a grand chance had been offered to retire the third one. Keeler had b run down between second and third, and McGraw had been nipped at second trying to steal, when, with Jennings on second, Stenzel put up the easiest sort of a fly. It described a graceful curve and fell just in front of second base, with Long and Lowe each waiting for the other to get it. Jennings scored, after which Doyle's two-bagger, Bowerman's single, McGraw's single and two W. B. It described a graceful curve and fell just in front of second base, with Long and Lowe each waiting for the other to get it. Bowerman's single, McGraw's single and two passes to first on balls netted five tallies. McGraw accomplished the feat of being run down twice first and second in this inning. The champlons could do no better than get a man to second in the next inning, while their predecessors made

The visitors tallied twice in the fifth, on Long's E. The visitors tallied twice in the fifth, on Long's three-bagger, Lewis's double and Tenny's single, and four times more in the sixth, on good hitting and some ragged fielding, in which Howerman figured conspicuously. Tenney and Lowe singled in succession in the eighth, and when Stabi struck out, Bowerman dropped the ball, letting them move up a bag. Both scored on Tenney's out and Lowe's hit. This put the score uncomfortably close. In the pinth put the score uncomfortably close. In the pinth yeager and Lowe so haks, Lewis singled and the bases were full, but Stabl popped up a foul fly and was out to McGraw, retiring the side.

THE PRESIDENT'S TRIP TO OHIO.

HE WILL BE IN CANTON ON ELECTION DAY AND MAY VISIT CINCINNATI AND PITTSBURG.

Washington, Oct. 9 .- President McKinley has arranged the details of his trip to Ohio. He will be in Canton on Election Day, and the next day will go to Pittsburg, to be present on Founder's Day at the Carnegie Public Library. The President has the Carnegie Public Library. The President has also received an invitation from the Commercial Club, of Cincinnati, to be present at a dinner to be given the Saturday previous to the election, and will accept if it is to be a non-partisan affair. He does not care to be at a political dinner, and, while naturally interested in the Ohio campaign, will confine his active interest to voting. In case the President goes to Cincinnati, he will leave Washington on Friday before the election and return the following Thursday.

COMING TO THE SEALING CONFERENCE.

THE JAPANESE AND RUSSIAN DELEGATES EX-PECTED IN WASHINGTON BY THE

Mr. Hamlin has been in Tokio, in conference with the Japanese authorities concerning seal natters, and it was through his efforts that delegates were appointed. The party will ne directly to Washington, reaching here about ext Friday. Mr. Bolkine has already arrived in country, and the officials here are advised that other Russian delegates will arrive on Monday. It is expected that all the interested persons except representatives of Great Britain will be here the end of next week. Sir Julian Pauncefote as taken passage on the St. Louis from Southamp-

The Sapanese delegates are Mr. Fujita, chief of the Bureau of Agriculture and Bea Products, and Professor Mitsukuri, of the University of Tokio. The laster Mr. Rujita is regarded as a seal expert, as the control of Japan's scaling industry is under this bureau. #### RACING.

BIG GAINS FOR THE BOOKMAKERS-ONLY ONE FAVORITE FIRST AT AQUEDUCT.

Five of the six favorites were beaten at Aqueduc yesterday. The break in the losing series his success brought little solace to the losers, as the previous upsets had well emptied their pockets. This slaughter of good things meant a harvest for the layers, as the crowd was the best of the meeting, and the business of the ring was heavy throughout the afternoon.

Ben Ronald won his race in decisive style, it is now plain that M. F. Dwyer acted wisely when he claimed this colt out of the selling race at Gravesend in retaliation for the loss of Tom Crom-He has won three races since then, and if Mr. Dwyer backed him he has already found the investment a paying one.

Jockey Songer, who was thrown while riding Temple Bar on Friday, has not as yet recovered consciousness, and reports from the hospital are that his injuries will probably prove fatal.

Ex-Sheriff Courtney, of Brooklyn, had an attack of vertigo while waiting for the start of the second race. He was removed to his home in the care of friends. The starting is of such a dizzy sort that it might reasonably be expected to cause a great many scrious cases of vertigo. Following are the summaries:

OFFICE SEEKERS CROWD WHITE HOUSE.

Washington, Oct. 9.-There was an unusually large number of callers at the White House to-day, the inajority of them anxious to see the President about appointments. Few were accompanied by or Representatives. Most of the visitors Schalars or Representatives. Most of the visitors were taking chances that they would secure the places they sought by their own efforts if they could secure an audience with the President.

Tepartment business, however, engaged the President until a late hour. Attorney-General McKenna was at the White House for some time, it being understood that Union Preide matters were under discussion.
